
XIII-th Workshop and Awards for young researchers in the field of statistical physics and condensed matter theory

The Workshop and Awards are dedicated to the foundation in May 1969 of the first academic unit of the Institute for Condensed Matter Physics, a Department for Statistical Theory of Condensed States. The aim of the Workshop and presenting the Awards is to promote the studies of young researchers in statistical physics and condensed matter theory as well as to establish scientific relations among young researchers from different research centers in Ukraine.

The 2013 Workshop is dedicated to the 140th anniversary of the Shevchenko Scientific Society, which was founded as an Ukrainian literary society in Lviv (at that time — Lemberg, the capital of the crown land of Galicia and Lodomeria of the Austro-Hungarian monarchy) in December 1873. After being reorganized in 1892, the society acquired features of a typical research association and served as the first unofficial Ukrainian Academy of Arts and Sciences. One of its sections was devoted to mathematics, natural sciences and medicine. Shevchenko Scientific Society was liquidated by Soviet regime in 1940, in 1947 it renewed its activities in Western Europe and in the USA, in 1989 it was restored in Ukraine.

Workshop: The XIII-th Workshop will be held in Lviv at the Institute for Condensed Matter Physics on June 5–7, 2013. Its program will include invited lectures of top experts in statistical physics and condensed matter theory in Ukraine, short communications of young researchers and contributed talks of Award applicants. The language of the Workshop is Ukrainian.

Awards: Institute for Condensed Matter Physics of the National Academy of Sciences of Ukraine announces annual Awards for young researchers in the field of statistical physics and condensed matter theory. The best studies of young researchers will be distinguished by Special Individual Awards.

- The applicants should not be older than 35 years of age at the time of application.
- Only the studies published during the last 5 years can qualify. The submitted studies should not have any ICMP Awards won by young researchers earlier.

Additional information may be obtained on the Workshop website:

<http://www.icmp.lviv.ua/konkurs/>.

Deadline for participants and applications is April 14, 2013.

Address for correspondence:

Council of Young Scientists
Institute for Condensed Matter Physics,
1 Svientsitskii Street,
79011 Lviv, Ukraine

Tel: +38 0322 761978

Fax: +38 0322 761978

E-mail: rmv@icmp.lviv.ua

The Organizing Committee invites young researchers and students working in the field of statistical physics and condensed matter theory to participate in the Workshop and apply for the Awards.
