

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 692293

Dear colleagues and friends!

We have a pleasure to invite you to take a part in the III Swedish-Ukrainian meeting on cancer diseases that will be held in Sweden this time.

We invite you to Stockholm on January 16 and 17 (a half of a day). The meeting point will be at Karolinska Institutet, North campus in Solna.

The main topic is «Modern trends in cancer research». The meeting will focus on what we have learned over the recent time, where the field is now, and what are the important challenges for the future.

There will be a 1.5 day program of talks from selected oral presentations and keynote lectures by invited speakers.

Full details of the meeting, speaker program and procedures for registration will be available soon on the website.

#### Abstract Submission

We invite all interested researchers to submit abstracts describing their present work for consideration. Selection for oral presentation will be made by December 23<sup>rd</sup> 2016.

Please, submit abstracts before December, 15<sup>th</sup> to

Elena Kashuba (Elena.Kashuba@ki.se, laboncogen@yandex.ua)  
and/or Larysa Kovalevska (kreyl@yahoo.com)

Further details will be communicated in the coming weeks.

Participation in the meeting is free.

Looking forward to seeing you all in Stockholm.

Kind regards,  
Elena Kashuba

The proposed topics:

**Session 1:** Molecular and cellular pathobiology.

**Session 2:** Tumor metastases and role of cellular microenvironment.

**Session 3:** Paradigm of personalized treatment in oncology.

**Session 4:** Detection of potential targets for target therapy and cancer vaccines.

**Session 5:** Search for new markers for diagnostics of tumors with different genesis.

**Session 6:** Multidisciplinary cancer research.
